Free 11+ Preparation and KS2 learning support for Pupil Premium eligible children

Dear Parents / Guardians,

We're pleased to let you know that St Andrew's has partnered with Atom Learning, the UK's leading online learning platform, to provide completely free KS2 learning and 11+ preparation support **to children eligible for pupil premium**. (Atom Home normally costs **£575.90 per year)**.

What is Atom Home?

Atom Home is an online learning and exam preparation platform for children aged 7–11. It supports Key Stage 2 English, maths and science, as well as verbal and non-verbal reasoning, Year 6 SATs and 11+ preparation.

Children can access adaptive questions tailored to their level, clear explanations, video tutorials, and mock tests, helping them learn independently, build confidence and strengthen their skills.

How to apply for your account

If you or someone you know has a child who would benefit from extra Key Stage 2 learning support or is preparing for the 11+, please complete the form in the link below:

https://app.atomlearning.com/public/pupil_premium/pupil_premium_intro

Children do not need to attend St Andew's to apply. So perhaps siblings or family friends could benefit if they are eligible for Pupil Premium.

Once an application has been submitted, the child's primary school will be asked to confirm their pupil premium eligibility. Once confirmed, their free Atom Home account will be activated.

An exclusive offer for other families

As part of our partnership with Atom Learning, we're delighted to offer families whose children aren't eligible for pupil premium an exclusive discount on Atom Home. Register here and use the code **StAndrewsCofE10** to get **10% off your first month of Atom Home**.

If you have any questions or require any support signing up, please do not hesitate to contact me.

Kind regards,

Jed Smith
